Burj Khalifa

Dubai

The Burj Khalifa is the tallest building in the world and a global icon. The towering structure is based on an abstraction of the Hymenocallis flower, and is essentially three sections arranged around a central core. Viewed from above, it is consistent with the onion-dome design frequently found across a variety of Islamic architecture.

Dubai Frame

Dubai

The Dubai Frame is an architectural landmark in Zabeel Park, Dubai. It holds the record for the largest frame in the world. Whilst described by The Guardian newspaper as "the biggest picture frame on the planet," it is also controversial as the "biggest stolen building of all time."
